Bishop Mack and Lady Kim shared the significance of the College Internship Benefit and 50th Birthday Gala evening..

The Blessing of an Internship

A crowd of over 300 attended the first annual benefit for the inauguration of the College Internship Program at the Grand Pavilion Ballroom of the Embassy Suites on Friday, April 28, 2017. The benefit was coupled with the 50th Birthday Gala for Bishop Sir Walter Mack, Jr. who initiated this innovative program.

Several college students shared their appreciation via a video presentation entitled, "The Blessing of an Internship."

*Thank you to all supporters for investing
in our young adults!*

PROGRAM OVERVIEW

*Bishop S.W. Mack
Union Baptist Church*

I am ecstatic to introduce a new initiative as the centerpiece of this celebration —The College Internship Program. This inaugural internship program will provide professional and leadership development, along with life skills to help students deal effectively with the demands of everyday life that are not found in text books. Employment opportunities will be offered to college sophomores, juniors and seniors for six weeks over the summer. Students will gain valuable industry experience, strengthen their resumes, make contacts with professionals in various fields, and have personal growth experiences.

PURPOSE:

To give college students an opportunity to explore and expand their God-given gifts in the context of the church and community environment.

SPIRITUAL GROWTH AND DEVELOPMENT

To engage the college student in exploring their spirituality and relationship with God, during 30 minutes of Sanctuary mediation before beginning their workday.

ONE-ON-ONE MENTORING WITH THE BISHOP

To give the student an opportunity with one-on-one time with Bishop Mack for spiritual guidance and life coaching on peer pressure, coping with stress, understanding parental-child guidance, and other subject matters experienced by the millennial generation.

WEEKLY MEETINGS WITH ELECTED OFFICIALS

To have a six-week program where on a weekly basis elected officials from the state and local community will come and engage the intern in community service. The interns will be required to attend a City/County Council Meeting to learn governmental processes.

GROUP COMMUNITY VISITS

The Intern will visit an off site location for community service or observation with the entire Intern group like a Nursing Home, Soup Kitchen, Hospice Care Facility, Brenner’s Children’s Hospital, or Homeless Shelter.

WORK STUDY

The student will be placed on their job in the church or extended locations by their area of study or within their major. For example, an accounting major will work with our finance ministry, sports and recreation major may assist with our Youth Character Football League, a social science major may be assigned to help plan our Corner 2 Corner Drug Dealers and Street Life Conference. We will be partnering with the Winston-Salem Urban League for some job placements as well.

CAREER DEVELOPMENT

The Intern will be exposed to practices for success and will hear lectures from various community leaders on Dressing For Success, Technology Ethics, Enhancing Communication Skills, Basics of Golf, Resume’ and Interview Skills, Financial and Investment opportunities, Coping With Stress, along with other meaningful and life changing experiences.

This program is designed to last for six weeks, and after an intense interview process beginning in May, the Intern will begin working June 12, 2017.
